Internal page link structures for main global issues topics.

## Global Issues: Home Page:

Global policies for over 1,000 years of human advancement.

- [Foreign Policy, Global Interactions, Uniting Nations:](#)
- [Global Policy Challenges and Design:](#)
- [Individual Capacities Worldwide:](#)

## Global Cooperation Conditions:

Global leadership have chosen competition as their highest ideal.

- [Trade and Resource Disparities:](#)
- [Global Preoccupations With Lesser Ideals:](#)
- [Weapons of Mass Destruction, WMD Proliferation, Global Insecurity:](#)

## Global Cooperation Policy:

Proposal for worldwide security and prosperity to unite all nations. Singular control of all WMD weapons of mass destruction through one global defense council.

- [Exploration of Global Highest Ideals:](#)
- [Global Discovery:](#)
- [Mutual Commitments:](#)
- [Global Support Policies:](#)
- [Human Rights Disparities:](#)
- [WMD Control Policy:](#)
- [Future Resource Capacities and Expansions:](#)
- [Contribution Entities:](#)
- [Psyche Shift:](#)

## Global Cooperation Resistance & Obstacles:

Continuing global power and competition as usual.

- [Critical Support Omissions:](#)
- [Insufficient Contemplation Among Global Citizens:](#)
- [Substandard Vision and Commitment of Global Leadership:](#)
- [Governing Covenants and Political Posturing:](#)
- [Sovereign Rights Extremes:](#)
- [WMD Policy Implementation:](#)

## Global Cooperation Vision:

Towards one global direction by design of the people.

- [All For One, and One For All:](#)
- [Healthy Psyche, The Paradigm Shift:](#)
- [WMD, Legitimate Usage:](#)
- [Human Survival:](#)

## Global Money & Debt Conditions:

How global money systems stagnate future human social development.

A waste of human brain allocation.

- [Money Issues and Conditions:](#)
- [If I had More Money:](#)
- [Social Stagnation and Decline:](#)
- [Insufficient Access to Resources:](#)
- [Sample Money Fixation Indicator:](#)
- [Subhuman Compromises:](#)
- [Speculation Investments – Gambling Mentality:](#)
- [Human Suffering and Competition:](#)
- [Money cannot directly solve problems:](#)
- [Price Versus Value:](#)
- [Government Monetary Protection:](#)
- [Complexity Of Modern Money Systems:](#)
- [Global Monetary Impact and Scope:](#)
- [Salary and Quality of Life:](#)
- [Jobs: Compensation Versus Contribution:](#)
- [Job Dissatisfaction Traded For Compensation:](#)
- [Flaw of Modern Work Philosophy:](#)

- [Insufficient Motivation For Future Human Productivity:](#)
- [Money Paradox:](#)
- [Lack of Proper Global Assessment and Response:](#)

## Global Money & Debt Eradication Policy:

Cooperative resource sharing consistent with global highest ideals.

A paradigm shift to remove a root cause of suffering.

- [Global Policy Introduction:](#)
- [Uninterruption of Local and International Operations:](#)
- [Supply and Demand, Decision Managers:](#)
- [Supporting Policies:](#)
- [Cooperative World Model Implementation:](#)
- [People As Valued Assets:](#)

## Global Money Eradication Resistance:

“What’s in it for me?” human psyche.

- [General Obstacles:](#)
- [Current Economic Thought:](#)
- [Lingering Justifications for Money:](#)
- [Education and Training Prerequisite:](#)
- [Survival Instincts and Protectionism:](#)
- [Managing Job Security and the Global Economy:](#)
- [Individual Destiny Fulfillment:](#)
- [Poor Information Dissemination:](#)
- [What’s In It For Me?](#)
- [Interests Conflicts Among Leadership Entities:](#)
- [Resistance Among Community Members:](#)
- [System Abuse:](#)
- [Job Safety Concerns:](#)
- [Compensation and Justice in NonMonetized Societies:](#)
- [Lack of Cooperation Psyche:](#)
- [Administrative Challenges:](#)
- [A Work In Progress:](#)

## Global Money Eradication Vision:

From global social stagnation to sustainable social reform and development.

- [History of Our Descendants:](#)
- [Influence and Corruption:](#)
- [Human Evolution:](#)
- [Highest Ideals:](#)

## Global Psyche Conditions:

Dysfunctional but curable social ills at every level of civilization.

Origin of all obstacles and of all solutions.

- [General Psyche Dysfunction:](#)
- [Deception and Manipulation:](#)

- [Greed and Selfishness:](#)
- [Resource Distribution Modeling:](#)
- [Political Repetition and Stagnation:](#)
- [Legal Representation and Justice:](#)
- [Outdated Job Management Philosophy:](#)
- [Other Psyche Dysfunctions:](#)

## Global Psyche Reform Proposal:

Mutual direction, discipline, optimization and discovery.

- [Formal Global Decree:](#)
- [Human Rights Support](#)
- [Everyday Psyche Awareness and Discipline:](#)
- [Jobs Versus Efficiency Metrics:](#)
- [Psyche Optimization Opportunities:](#)

## Global Psyche Reform Resistance and Challenges:

Unwillingness to discover and reveal the truth in every endeavor.

- [Classifying Past Activities as Human Nature:](#)
- [Thought as an All-Inclusive Barrier:](#)
- [Lacking A Sustained Global Advancement Motive:](#)

## Global Psyche Reform Vision:

Steps toward sustained global and local communion.

- [A Formal Decree for Global Role Modeling:](#)
- [Root Cause Identifications of Stagnation and Suffering:](#)
- [Omitting Not One Global Citizen:](#)
- [Source of All Sustainable Change:](#)

## Global Highest Ideals Conditions:

Inferior visions and ideals yielding inferior conditions.

- [Unfulfilled Repetition:](#)
- [Signs of Misdirected Global Ideals:](#)
- [Substandard Global Commitments to Fellow Humans:](#)
- [Current Direction Of Future Highest Ideals:](#)

## Global Highest Ideals Proposal:

The future of the human race if it finally embraces the wisdom and the courage to follow its highest ideals.

- [Theoretical Global Policy Proclamation:](#)
- [International Psyche Shift Components:](#)

## Global Highest Ideals Resistance:

Current mind as a barrier to ideal mind.

- [Primary Obstacle to Highest Ideals:](#)
- [Ideal Manifestations:](#)
- [Conflicts between Lower and Higher Ideals:](#)
- [Costs as an Artificial Barrier:](#)
- [Current Lower Ideals:](#)
- [From Vision to Reality:](#)
- [Failed Global Leadership Efforts:](#)
- [Lost Opportunities:](#)
- [Falsely Perceived Goals:](#)
- [Humanity versus Natural Selection:](#)
- [Substandard Global Social Advancement Policies:](#)

## Global Highest Ideals Vision:

Our highest ideals nurture the greatest existence conceivable and achievable by the human race.

- [Philosophy and Ideology:](#)
- [Shifts in Mindsets and Activities:](#)
- [Future of Education and Training:](#)
- [Future of Energy Resources:](#)
- [Leap of Mankind:](#)
- [Daily Observations and Critique:](#)
- [Personal Perspectives:](#)

## Crime and Violence Conditions:

Undesirable social conditions nurtured by expired human management modeling.

- [Conditions Sustained:](#)
- [Intentional Activities:](#)
- [System-Supported Conditions:](#)

## Crime and Violence Policy:

Remove motivations for crime to reduce crime

- [Education Support:](#)
- [Remove Money-Based Motivations:](#)
- [Lifestyle Choice and Freedom:](#)
- [Weapons Philosophy:](#)
- [Psyche Support and Training:](#)
- [Prison Management:](#)
- [Justice Alternatives:](#)
- [Community Relations and Rehabilitation in Non-Monetized Societies:](#)
- [Restoring Community Psyche:](#)

## Crime and Violence Resistance to Change:

The unwillingness to affirm every global citizen.

- [Ignoring Critical Support Systems:](#)
- [Against Positive Community Psyche:](#)
- [Medically-Induced Unconsciousness Concerns:](#)
- [Perceptions Against Positive Inmate Care:](#)
- [Systemic Financial Incentives](#)

## Crime and Violence Vision:

Mastering respect and tolerance brings humanity closer to global crime and violence eradication.

- [Guaranteed Alternatives:](#)
- [Inmate Management Vision:](#)
- [Meaningful Volunteer Mentorships:](#)
- [Pro-Life Philosophy:](#)
- [Restitution, Compensation and Amends:](#)
- [Positive Freewill Training:](#)
- [Dismantle Supports for Deviant Thought and Behavior:](#)
- [Expectation Modeling:](#)

## Global Technology Issues:

Technologies primarily for profits versus pure advancement.

- [Technology Deficiencies and Global Suffering:](#)
- [Increased Need for Resources:](#)
- [Communication Limitations:](#)
- [Patents Restricting Global Release and Benefit:](#)

## Global Technology Policy:

Technological priorities critical to real global social progress.

- [Remove All Patent Restrictions:](#)
- [Infinite Available Living Space:](#)
- [Renewable Solar Energies:](#)
- [Material Strengths:](#)
- [Foods Expansion:](#)
- [Nutrient and Toxin Detections:](#)
- [Global Language Translations:](#)
- [Advanced Transportation Technologies:](#)
- [Personal Defense:](#)
- [Inmate Safety & Proximity Control:](#)

## Global Technology Obstacles:

Sluggish social technological progression due to global unwillingness to share human knowledge at zero cost.

- [Systemic Profit Motives:](#)
- [Less Capable Global Citizens:](#)
- [Coveting Technology and Social Stagnation:](#)
- [Technology Commercialization Versus Free Access:](#)
- [Choosing Competition Versus Cooperation:](#)

## Global Technology Vision:

Sustained technological advancements to eradicate systemic global suffering.

- [Social Technology Advancement Rate:](#)
- [Unrestricted Global and Personal Communications:](#)
- [Free Access, Open-Source – Cost Removed:](#)

## Global Education Issues:

The globally unintelligent coveting of knowledge.

- [Unrealized Social Advancement:](#)
- [Unnecessary Gross Disparities:](#)
- [Gross Under-leveraging of Global Academic Resources:](#)
- [Unquantified Losses from Global Education Restrictions:](#)

## Free Global Education Proposal:

Free global education 1st grade to doctorate, M.D.  
The most sustainable world progress plan.

- [Ideal Global Education Scenario:](#)
- [Global Education Objective:](#)
- [Global Education Strategy:](#)
- [Collaboration Considerations:](#)

## Free Global Education Challenges:

Protecting money while ignoring the global vision.

- [Profit and Job Security Motives:](#)
- [Lack of Commitment from University Leadership:](#)
- [Video Production Budgeting Limitations:](#)
- [Video Rebroadcast and Distribution Rights:](#)
- [Adaptations for the Impaired:](#)

## Free Global Education Vision:

A sustainable global increase in human capacity and contribution.

- [Successful Evolution:](#)
- [Rising to Global Highest Educational Ideals:](#)
- [Sustainable Leap in Global Education Levels:](#)
- [Meet Every Future Skill in Demand Globally:](#)
- [Speculative Testimonials:](#)
- [Social Advancement:](#)
- [Historical Significance:](#)

## Global Health Care Conditions:

Humanity chose to negotiate health care based on money.

- [Global Disparities of Quality Medical Care:](#)
- [Medical Costs:](#)
- [Un-promoted Alternative Treatments:](#)
- [Financial Stress Versus Patient Healing:](#)
- [Medical Demand Outlook:](#)
- [Global Cooperation Deficiencies:](#)

## Free Global Health Care Policy:

Producing an abundance of willing health care professionals at zero cost and minimum time –  
Authentic universal health care.

- [Global Policy Shift:](#)
- [Global Health, Education and Training Support:](#)

## Free Global Health Care Obstacles:

The unwillingness to retire compensation-based economies.

- [Money as a Limiting Model:](#)
- [Limited Medical Training and Education:](#)

## Free Global Health Care Vision and Ideals:

Aligning world health care policies with desired highest ideals and global psyche.

- [Medical Highest Ideal:](#)
- [Volunteerism Values:](#)
- [Support for Pure Global Cooperation:](#)

## Human Intelligence Issues:

Conditions that stagnate human mental capacity and global contribution.

- [Substandard Expectations and Conditionings:](#)
- [Human-Created Crisis Conditions:](#)
- [Insufficient Psyche Support:](#)
- [Global Illnesses Identified:](#)

## Human Intelligence Proposal:

Endowing every global citizen with sustainable, thriving conditions.

- [Humans Receive What They Need:](#)
- [Supporting Proposals:](#)
- [Responsibility of Global Leadership:](#)
- [Nurturing Personal Peace:](#)

## Human Intelligence Challenges:

Denial of global influence, competition supported stagnation, self resistance.

- [Traditional Competition Versus Mental Utilization:](#)
- [Global Influence on Individual Intelligence:](#)
- [Self Resistance:](#)

## Human Intelligence Vision:

World solutions and advancements from nurtured, capable and willing global citizens.

- [Humanity Must Remove Every Barrier:](#)
- [A Thriving Global Environment:](#)
- [Free Global Minds:](#)
